

Pesticide Record Keeping Requirements For New Hampshire

Pesticide applicators are required to maintain records on pesticide applications according to state and national regulations. Also pesticide application records can provide valuable production information that can be used to make management decisions or solve production problems.

This fact sheet will help you comply with federal and state pesticide record keeping requirements. The appropriate statutes as follows:

I. New Hampshire Department of Agriculture Division of Pesticide Control
Taken from the 2004 New Hampshire Statutes & code of Administrative Rules:

CHAPTER Pes 900 RECORDING KEEPING AND REPORTING,

Statutory Authority: RSA 430:31

PART Pes 901 REPORTING AND REPORT KEEPING OF
PESTICIDE USE

Pes 901.02 *Record Keeping by Registrants or Permittees*

(c) The following fact shall be included in records maintained by both commercial and private applicators:

- (1) crop treated site of treatment, address and town
- (2) Pesticide and formulation employed
- (3) Dosage applied
- (4) Method of application
- (5) Date or dates of application
- (6) Target organisms
- (7) The registrants or permittees of the division who participated

II. New Hampshire Department of Agriculture, Division of Pesticide Control
Taken from the “Annual Pesticide Use Form” which the following information is required to be submitted to the Division of Pesticide Control.

- (1) Name of applicator and firm
- (2) Year for which the report covers
- (3) Location of the site of Application
- (4) List of Licenses or permittees whose use is included in the report
- (5) Trade name of pesticide
- (6) Amount AI in concentrate (% or # gal)

- (7) EPA Registration Number
- (8) Major crop or site treated
- (9) Number of Acres
- (10) Total amount of concentrate used (#, gal, or oz)

III. United State Environmental Protection Agency
The Worker Protection, Standard for Agricultural Pesticides-How to Comply, What Employers Need to Know Manual, EPS 735-B-05-002, Sept. 2005.

Unit 3 “What Employers Must Do for Both Workers and Handlers”
Page 23 Information at a Central Location-Specific Duties;
What Information Must Be Displayed?

1. Application list, which must include:
 - The location and description of the area to be treated
 - Time and date the pesticide is scheduled to be applied
 - Product name, EPA registration number, and active ingredient(s) of the pesticide
 - Restricted-entry interval for the pesticide

Using this fact sheet every time pesticides are applied will keep you in compliance and will help you to quickly fill out your annual pesticide use report required by the Division of Pesticide Control.

If you have questions, contact your local UNH Cooperative Extension Agricultural Resources Educator.

Stop! Read the label on every pesticide container each time before using the material. Pesticides must be applied only as directed on the label to be in compliance with the law. Contact the Division of Pesticide Control at (603)271-3550 to check registration status. Dispose of empty containers safely, according to N.H. regulations.

Note: Additional copies may be obtained from your County Extension office.

Reminder: **Do not** send this form to the Division of Pesticide Control in Concord. It is **not** a pesticide use report.

The University of New Hampshire Cooperative Extension is an equal opportunity educator and employer. University of New Hampshire, U.S. Department of Agriculture and N.H. counties cooperating. Revised 02/07
